Associated services

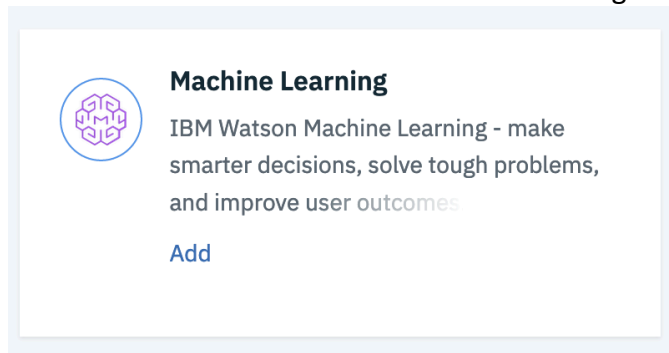

Add service

| NAME  | SERVICE TYPE | PLAN | ACTIONS |
|---|--------------|------|---------|
| You don't have any Associated services yet. |              |      |         |

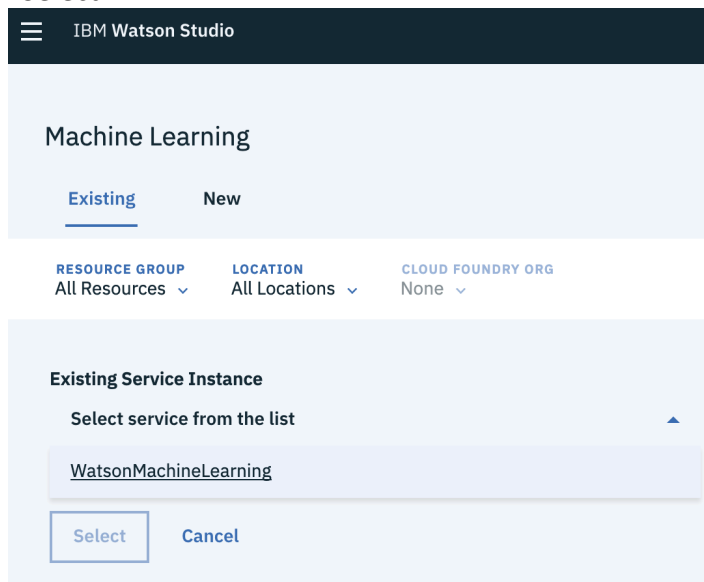

13. Please select “Watson”

14. Please click on “Add” on the “Machine Learning” service

15. Please select “WatsonMachineLearning” from the dropdown and then click in “Select”

16. Please click on “Manage in IBM Cloud”

The screenshot shows the IBM Cloud Storage page. At the top, there's a section for 'Storage' with a 'Cloud Object Storage' icon and '0 Byte used'. A 'Manage in IBM Cloud' link is visible. Below this is the 'Associated services' section, which is currently empty, showing a message: 'You don't have any Associated services yet.'

17. Please click on “Create Bucket”

The screenshot shows the IBM Cloud 'cloud-object-storage-vr' page. The left sidebar contains navigation links: 'Getting started', 'Buckets', 'Endpoint', 'Service credentials', 'Connections', 'Usage details', and 'Plan'. The main content area shows the 'Buckets' section with a search filter and a 'Create bucket' button. Below the button is a table listing existing buckets.

| Name                                  | Public Access | Location | Storage Class | Created                | Advanced |
|---------------------------------------|---------------|----------|---------------|------------------------|----------|
| default-donotdelete-pr-0f9e2sbesglsik |               | us-geo   | Standard      | 07/15/2019 11:53:47 AM | ...      |

Items per page: 10 | 1-10 of items

18. Please create a new bucket called “yournamedata”, please replace “yourname” with your name or any other unique identifier. Please keep all other values as illustrated below. Then please click on “Create bucket”.

The screenshot shows the 'Create bucket' form in IBM Cloud. The 'Unique bucket name' field is filled with 'yournamedata'. The 'Resiliency' dropdown is set to 'Regional' and the 'Location' dropdown is set to 'us-south'. The 'Storage class' dropdown is set to 'Standard'. There are checkboxes for 'Add Archive rule', 'Add Expiration rules', and 'Add Retention policy', all of which are currently unchecked. A note states: 'This feature is available for our Standard plan customers only. See pricing'. There are also checkboxes for 'Additional Services' like 'Add Key Protect Keys', which are also unchecked. A 'Create bucket' button is at the bottom right.

19. Please repeat the previous two steps to create a bucket called, “yournameresults”, please, again, replace “yourname” with your name or any other unique identifier.

20. Please click on “Service credentials”, then on “New credential”

The screenshot shows the IBM Cloud console interface. On the left is a sidebar with navigation links: Getting started, Buckets, Endpoint, Service credentials (highlighted), Connections, Usage details, and Plan. The main content area shows the 'cloud-object-storage-vr' resource group. Below this, there's a section for 'Service credentials' with a description and a 'Learn more' link. A table lists existing credentials with columns for KEY NAME, DATE CREATED, and ACTIONS. A 'New credential' button is in the top right of the table.

| KEY NAME  | DATE CREATED               | ACTIONS          |
|---|----------------------------|------------------|
| WDP-Viewer-default-donotdelete-pr-0f9e2sbesglsik            | JUL 15, 2019 - 11:53:47 AM | View credentials |
